Shootin'  
Galleries

We create revolutionary shooting galleries which are interactive, highly-themed environments with dollar bill acceptors attached to them! Our proprietary systems incorporate modern technologies with tried and true concepts widely used in the amusement game world.

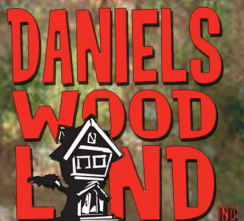

Our galleries have been proven to draw in players, captivate them, reinforce/reward them for playing, and, most of all, maximize your revenue!

Our exclusive features and innovations include:

- Heckling characters that tell jokes
- Rotating target shows
- Multi-action targets
- Quick shot challenge
- Self redemption
- Attract mode
- 5.1 digital surround sound
- Bonus pricing structure
- 2 ways to play

Daniels Wood Land, Inc.

# STANDARD or DELUXE - WE OFFER BOTH

Our STANDARD shooting galleries strike a balance between the number of gun stations, number of targets, and required floor space to create an affordable solution, while still provide a fun and exciting experience. These shooting galleries are the most comparable to what our competitors offer in terms of price, number of guns and number of targets. They include our proprietary electronics which make our shooting galleries the highest revenue producers available and provide you with the quickest ROI potential.

If entertaining your guests is a high priority for your facility, then our DELUXE shooting galleries are sure to keep them smiling. These galleries offer more width per gun position, a much higher target to gun ratio, and are more heavily themed. They're more like an interactive Country Bear Jamboree WITH dollar bill acceptors attached. That's what we like to call "Theming That Pays You Back!"
